Ascot Hills Park in El Sereno offers breathtaking views, rolling hills and relatively uncrowded trails. A 2.2 mile hike described on Every Trail takes visitors up into hills on the western side of the park to enjoy city, mountain and valley views. Says the Every Trail guide: "I have never seen the trails full of people. Most of the time, I can be on the trail for 15 minutes by myself before I see another person. There are dog walkers, trail runners and abuelos just getting exercise."

Manifesto Cafe | Photo by Marni Epstein

By Marni Epstein

Manifesto Cafe is making it their mission to bring a community-mindedness to Hermon. Eater LA notes that the recently-opened coffee shop is stocking healthy eats and fair trade coffee and tea to typically underserved neighborhoods. Manifesto was actually originally conceived as a job training center and cafe on Skid Row but the Hermon location is instead the cafe's first entrance into the market. Owner Christina Bailey notes that the job training program will begin in July.

In other Shopper & Diner news:

- In Eagle Rock, Auntie Em's Kitchen, the comfort food joint, will be celebrating the release of its brand new cookbook, written by owner Terry Wahl. A Cookbook Launch Party with music, drinks and food will be taking place at the restaurant this Saturday, June 12, at 6 pm.
- Speaking of family, Father's Day is this weekend. The Pub at Golden Road in Atwater Village is offering a helping hand when it comes to celebrating. The pub is giving a Golden Road growler to the first 300 dads who come in this Sunday along with another special treat.
- If you've got a little extra time today, you can play "Design Hooky" with the Los Angeles Design Festival, reports the LA Times. Design studios are hosting sales and exhibitions in Echo Park, while self-guided design tours are also available in Silver Lake. Friday's activities culminate at Echo Park's Natural Curiosities with screen-printing workshops and music.

Marni Epstein is an entertainment, music, and lifestyle Journalist and resident of Echo Park. She

has previously worked in the film and digital media industries with FOX and Sony Pictures Entertainment. She is currently also pursuing a Masters in Historic Preservation.

Councilmember Huizar worked with community stakeholders through his York Vision Plan to bring a number of improvements to York Boulevard, including the City's first parklet. Sidewalk Repair at Eagle Rock Library!

As part of Councilmember Huizar's Clean Communities Initiative, sidewalks are currently being repaired at the Eagle Rock Library, located on Caspar Ave.

An important component of the Clean Communities Initiative is the Sidewalk Repair Program, made possible by \$250,000 of CD14 discretionary funds. The sidewalk repair plan has started to allow Council District 14 to address some of the worst sidewalks in the district immediately and increase quality of life services for constituents.

New tree wells making way for 200 new street trees!

This week on Colorado Blvd: LA Conservation Corps makes a concrete cut-out for a future tree.

Did you know? Councilmember Huizar has teamed up with The Eagle Rock Association and the Eagle Rock Neighborhood Council to plant 200 street trees around Northeast LA!

Before many of these trees can be planted, tree wells must be created with concrete cuts in the sidewalk. Once all tree wells have been cut, we will get started planting the trees!

Special thanks to LA Conservation Corps for performing the cuts, TERA and the ERNC for helping to fund the tree care, CERB and TBTB for helping identify locations, and Northeast Trees for agreeing to care for the trees for 2 years.

For more information, please call Councilmember Huizar's office at (323) 254-5295.

---

Thanks to all Eagle Rock Cleanup participants!  
We worked hard and got a lot done!

We swept sidewalks,

we tackled gutters,

we re-purposed tree stumps for seating at Dahlia Heights Elementary,

we picked up shopping carts,

we picked up bulky items, and much more!

Thank you Eagle Rock for your outstanding participation! Let's continue to keep our neighborhood clean and remember to report bulky items by calling 3-1-1 or using the MyLA311 app for your smartphone.

Councilmember Huizar Secures Extension of Public Comment Period on Scholl Canyon Landfill Expansion Draft Environmental Impact Report

Glendale officials agreed to Councilmember Jose Huizar's request to grant a 60-day extension of the public comment period on the Scholl Canyon Landfill Expansion Draft Environmental Impact Report (EIR). The community of Eagle Rock deserves a full briefing and an opportunity for input.

On Thursday, May 22, 2014, Councilmember Huizar sent a letter to the City of Glendale requesting that Glendale:

1. Extend the public comment period, which was scheduled to end on Friday, May 30th, to allow for proper review and adequate outreach in the City of Los Angeles.
2. Allow the LA City Council District 14 office to assist Glendale with outreach to Eagle Rock and to help facilitate effective outreach to all stakeholders.
3. Hold a community meeting in Eagle Rock about the project and EIR.

We will announce the meeting as soon as the date and location are set.

**In Case You Missed It: City of Glendale Plans to Expand the Scholl Canyon Landfill**

The City of Glendale is proposing to expand Scholl Canyon Landfill to extend its useful life by another decade or more. The landfill is located just north of the 134 freeway in Glendale (see map above), and trucks can access the landfill only via Eagle Rock streets. Though the City of Los Angeles and Los Angeles residents are not permitted access to the landfill, we bear the brunt of impacts from truck traffic on the way to the dump.

The City of Glendale will be the Lead Agency and has prepared a Draft Environmental Impact Report (DEIR) for this project. The Sanitation Districts, an LA County agency, has identified two variations for

the proposed project:

- Variation 1 - Vertical expansion only. Variation 1 will provide approximately 11.5 million cubic yards of additional capacity and will extend the life of the landfill by 13 years (assuming a continued baseline disposal rate of 1,400 tons per day).
- Variation 2 - Vertical and horizontal expansion. Variation 2 will provide approximately 16.5 million cubic yards of additional capacity and will extend the life of the landfill by 19 years (assuming a continued baseline disposal rate of 1,400 tons per day).

The proposed project will increase the capacity of the project site and therefore increase the life of the landfill to provide long-term disposal for the wasteshed. Neither variation would change current operations at the Scholl Canyon Landfill.

[View the Draft Environmental Impact Report](#)

The Draft Environmental Impact Report (EIR) was released on April 1, 2014. You can view the Draft EIR [here](#).

## **11 In Case You Missed It: Bring George Lucas' Museum to LA**

Fri Jun 13, 2014 9:17 pm (PDT) . Posted by: [asncalert](#)

Yesterday I called upon all Angelenos to join me in telling George Lucas and Mellody Hobson why the Lucas Cultural Arts Museum belongs in Los Angeles.

So far the city's support has been amazing. Check out all these awesome videos, pictures and creative posts!

[http://www.ericgarcetti.com/whylucasinla?utm\\_campaign=em061214nonopen&utm\\_medium=email&utm\\_source=ericgarcetti](http://www.ericgarcetti.com/whylucasinla?utm_campaign=em061214nonopen&utm_medium=email&utm_source=ericgarcetti)

Will you join me in convincing Lucas and Hobson that their Museum belongs in the most diverse, vibrant, and creative place in the world?

The Lucas museum is worthy of a home next to other awarded museums visited by hundreds of thousands of LAUSD students every year. A home where it can inspire the next generation of storytellers. A home far, far away from the dark, cold, and rainy Chicago and San Francisco. Let's show them the Force is strongest in Los Angeles!

Why do you think the museum belongs in LA?

Post #WhyLucasinLA with a photo or a video, a hand-drawn picture, or even a haiku -- help me find the most creative way to tell them why LA is such a perfect home for the museum and for us!

Here are my five reasons the Lucas Cultural Arts Museum belongs in Los Angeles:

Heart of our city. More than a tourist spot, we're offering a space in famous Exposition Park neighboring dinosaurs and a spaceship. #WhyLucasinLA

Education for all our kids. Every student in LA can visit, giving us 640,000+ chances a year to inspire the next great creator. #WhyLucasinLA

Everyone in. Building in a diverse community allows youth to see arts and entertainment as part of their world. #WhyLucasinLA

A global hub. Home to a thriving downtown with award-winning food, art, music and culture, LA welcomes 42.2 million visitors a year. #WhyLucasinLA

Creativity thrives here. LA is the creative capital of the world. We nurture and create storytellers. #WhyLucasinLA

May George and Mellody be with us,

Mayor Eric Garcetti
